- 13. The Leaders in Technology Program (LIT) at CES allows public policy makers and technologists to learn from more than 3,200 exhibitors and thousands of new products that contribute to a dynamic industry that supports an expected \$1 trillion in retail sales worldwide. The program provides information and insight to assist officials to evaluating federal policies that affect the consumer technology industry. The LIT program advances the mission of CTA to provide practical resources to help companies grow every facet of their business. CTA helps companies succeed through research, events and an extensive network of councils and working groups covering everything from public policy to technology standards.
- 16. Meal expenses are \$38 for breakfast, \$35 for lunch, \$77 for dinner. Other expenses are surcharges, taxes and gratuities charged by the venues.
- 21. The expense for attendance at CES 2017 exceeds the federal per diem rate. The reason for this differential relates to the accommodation requirements for (1) a large group of over 165,000 attendees and (2) easy access to the CES show floor, conference sessions and meeting space. Meal costs are fixed for all conference attendees at the negotiated rates set by the venues. The expense for meals exceeds the federal rate due, in part, to a dinner that is being offered as part of the convention. The government invitees are receiving the same meal as those other attendees. Las Vegas hotels are at capacity during CES. This lodging rate is available to all CES attendees and was the best available negotiate rate for this property.
